## Special Session Of U.N. Sought By U.S., Russia

Three Resolutions  
On Mideast Defeated  
By Security Council

UNITED NATIONS, N.Y. (AP) — The United States and the Soviet Union today pushed similar proposals with rival goals for an emergency session of the U.N. General Assembly on the Middle East crisis.

The 11-nation Security Council will take up the proposals when it meets again Monday to talk about U.S. Marines in Lebanon, British paratroopers in Jordan and complaints that President Nasser's United Arab Republic is trying to overthrow the Lebanese and Jordanian governments.

The proposals were submitted Friday night after the Council failed to pass three resolutions dealing with the situation. One died on the Soviet Union's 84th veto.

The Council beat down 8-1, with Japan and Sweden abstaining, a Soviet resolution calling on the United States and Britain to get their troops out of Lebanon and Jordan immediately. Russia was expected to offer a similar resolution to any "General Assembly meeting."

Then a Soviet veto killed a rival U.S. resolution that would have sent a U.N. military force to protect Lebanon's independence and insure against illegal infiltration of arms and men. The Marines would leave when this force takes over, U.S. Delegate Henry Cabot Lodge said. The resolution got nine favorable votes with Sweden abstaining.

Lodge will offer a similar resolution to the 81-nation Assembly. Two-thirds of those voting must approve an Assembly measure. Experienced diplomats guessed the U.S. measure might barely make it, but doubted that the Soviet resolution could get through.

Finally, the Council voted down a Swedish resolution to suspend until further notice the activities of U.N. observers now in Lebanon to insure against infiltration. This resolution said the U.S. landings had "substantially altered the observers' situation." Nine members opposed it. Sweden and Russia supported it.

## Auto Strikes Motor Bike, Killing Boy, 14

A Youngstown boy became Mahoning County's 18th traffic fatality of the year when he died today from injuries received in an accident Friday noon.

Earl A. Tyree, 14, of 35 Kroeck St., Youngstown, died at 4:10 a. m. in South Side Hospital, Youngstown. He was taken to the hospital with a skull fracture after his motor bike was struck by a car on Route 18, one-half mile west of Youngstown, at 11:45 a. m. yesterday.

Highway patrolmen said Tyree was riding his bike east on Route 18 when a car driven by Jane E. Hoey, 37, of 339 Roanoke St., Youngstown, attempted to make a turn onto Four Mile Run Rd., and struck the bike.

The accident is still under investigation by the patrol.

## Rebels Attack Main Lebanese Building

BEIRUT, Lebanon (AP) — Lebanese rebels charged through the grounds of the American mission school today to attack the main building of the Lebanese government.

The building houses the office of Premier Sami Solh. The mission compound houses a girl's school, a theological seminary, and a mission printing plant.

Reports from the scene said the rebels had entered the compound and launched an attack on Lebanese security forces who were trying to set up wire barricades in front of the main government building.

While they were setting up the barricades the rebels opened fire and drove security forces back to the government building. The rebels got close enough to throw two bombs inside the courtyard of the building, injuring one guard but doing little other damage.

## Nixon Sees No War at Present

Says Mideast Fight  
Is 'Somewhat Remote'

MINNEAPOLIS (AP) — Vice President Nixon said today the possibility of a shooting war in the Middle East now appears "somewhat remote."

Nixon, arriving here by plane for a brief visit to the Aquatennial Minneapolis Summer Festival, told an airport news conference that if there was to have been reaction to the U.S. troop movement into Lebanon it would have occurred at the time the Marines were going into that country.

The vice president said the chance of a shooting war was one of many factors weighed when this country decided to send troops to aid Lebanon's government in its current crisis.

"While some of the opposition to President Chamoun of Lebanon, and King Hussein of Jordan was fanatical nationalism, it also was instigated and fomented by the Soviet Union," Nixon said.

"Had it not been for the Soviet Union giving militarily to Nasser and Syria, there would not have been the instantaneous coup in Iraq and the unsettled situations in Jordan and Lebanon."

Nixon said there is "a clear distinction" between American forces going into Lebanon and the British-French invasion of the Suez Canal zone. He said the Suez invasion violated the United Nations charter because it was a cause of aggression.

But now, he said, both the United States and Britain have been invited into Lebanon and Jordan respectively. As of right now, Nixon said, the Marines will stay in Lebanon until some other stabilizing force has replaced them.

## Bill Bower's Body Identified In Canada

The recovered body of one of three men who failed to return from a hunting trip to Quebec last November is being returned to Minerva.

The body has been identified as that of H. "Bill" Bower, 56, of RD, Minerva.

Mrs. Bower was notified by the American Embassy in Ottawa that the body identified by Canadian officials was that of her husband.

The body is being returned to the Rutledge-Jackson Funeral home in Minerva where Mrs. Bower plans to have an autopsy taken.

Foul play was suspected when Bower and two companions did not make it back to the Ontario side of the Ottawa River while fishing.

Still missing are John K. Moore, the father of three children, and Warren Curtis, a bachelor.

## Special Army Units May Go Overseas

WASHINGTON (AP) — The growing Middle East crisis strengthened the possibility today the Army may be called on to send overseas some of its special forces.

The Army has organized four divisions — two airborne and two infantry — into what it calls the Strategic Army Corps, or STRAC. The Army says this force is trained, armed and equipped to move out on instant notice to deal with any limited war.

The first call on the strategic reserve may be to fill vacancies in Western European defenses caused by the deployment of U.S. Army units to the Middle East.

## Damascus May Clear \$4,000 From Sesqui

DAMASCUS — The Community's sesquicentennial celebration last week may make a profit of about \$4,000, including more than \$1,000 grossed by firemen during the fireman's festival the last two days of the celebration, Ralph Steer, treasurer of the Sesquicentennial Steering Committee, announced today.

Total receipts received so far by the treasurer include \$6,041.95 with \$2,608.04 paid for expenses of sponsoring the celebration. A few incidental bills still remain to be paid and additional receipts are expected to come in, the treasurer reported.

Receipts included: Sale of advertising, \$1,440; sale of bonds, \$859; signature page, \$10; queen tickets, \$1,471; church collections, \$93.42; souvenirs \$947.24; bumper stickers, \$39; Brothers of the Brush \$262; exhibit hall donations, \$607.26 books, \$395.50; and stamps, \$11.53.

Disbursements made by the treasurer included: souvenirs \$710.34; Brothers of the Brush, \$110.22; advertising, \$137.77; printing and stamps, \$206.42; books, \$839.37; pageant expense \$148.93; queen committee, \$171.62; parade committee, \$55.37; costume committee, \$112.50; advertising refund, \$15; Sunday evening speaker, \$65; spotlight rental, \$15; and sales tax stamps, \$30.

Some history books of Damascus are still available in local stores although more than 800 have been sold, the steering committee said.

More than 2200 persons registered to see the exhibits. The visitors included people from almost every state in the union and some from Germany and India.

## 250 Persons Given Free Chest X-Rays

A total of 250 persons had received free tuberculosis chest X-rays by 11 a. m. today at the Ohio Department of Health's mobile X-ray unit located on the Kroger Store parking lot, E. State St.

The unit began a two-week visit in the county Thursday at the Courthouse in Lisbon where 187 persons were X-rayed.

Personnel working with the unit during its visit were Lillian Schroeder, executive secretary of the Columbiana County T. B. Public Health League; Eleanor Szkola, city health clerk; Mrs. Mary Alice Rumberger, and Mrs. Violet Peterson, county health nurses.

Schedule for the mobile unit next week will be:

Tuesday — Berg Pretzel Co. Leetonia, 1 to 2 p. m., and the Leetonia square, 3 to 5 and 6 to 9 p. m.

Wednesday — Leetonia square, 9 to 12 noon and 1 to 4 p. m.

Thursday — Summitville Face Brick Co., 9 a. m. to noon, and Hanoverton mayor's office, 2 to 5 p. m.

States has warned the Cairo government that an attack on U.S. forces by Egyptian-Syrian military units would have grave consequences.

Interrupting his marathon talks with British Foreign Secretary Selwyn Lloyd, Secretary of State Dulles is reported to have told a Senate committee Friday that he thought the Soviet Union might make some move to encourage U. A. R. President Nasser to act. However, Dulles evidently does not foresee any direct Russian military intervention in the Middle East.

The U.S. warning to Cairo was made Thursday about the time Nasser was meeting secretly in Moscow with Premier Khrushchev on the Middle East crisis.

U.S. officials said they thought Nasser's sudden Moscow trip affects his international political and propaganda position. It tends to prove, they argued, the correctness of the U.S. contention that he is working hand in glove with Soviet Communism to subvert the governments of pro-Western states in the Middle East.

Returning from Russia, Nasser unleashed a bitter blast at the United States and Britain during a stopover Friday at Damascus, capital of his Syrian province. He told a cheering mass meeting that aggression will be met with aggression and that no power can destroy Arab nationalism.

Dulles and Lloyd, who began their emergency conferences here Thursday, talked late into the evening Friday night after they dined together with some of their

## Cuban Rebels Free Last 14 Captives

GUANTANAMO, Cuba (AP) — Fourteen U.S. servicemen, the last North Americans kidnapped by Cuban rebels, were free today on direct orders of Fidel Castro "so that you can go fight in Lebanon if you so desire."

The 14 remaining men of the 50 U.S. and Canadian citizens were airlifted by helicopter to the U.S. Navy base on Guantanamo Bay Friday. They were among 29 sailors and Marines on a picnic bus which rebels seized June 27.

The men were clean shaven and apparently in good health. Observers here doubted that the men would in fact join the U.S. 6th Fleet. The Navy base here is on alert status because of the Middle Eastern crisis.

The wholesale liberation followed the arrival of a high ranking rebel officer at the jungle hideout of Raul Castro, the brother and lieutenant of the leader in the insurrection against President Fulgencio Batista. The officer bore a imperative order from Fidel that all captives were to be released immediately "because of the situation in Lebanon."

Thirty servicemen in all had been taken as Castro hostages. Another 20 American and Canadian businessmen, engineers and sugar company employees also were picked off during the wave of kidnappings that began late in June.

All had similar stories. The rebels told them they were kidnapped to draw the attention of the U.S. government and people to the guerrilla war being waged against Batista. The men said they had been well treated and no attempt had been made to indoctrinate them.

## Senate-O.K.'d Pentagon Bill Goes to House

WASHINGTON (AP) — Unanimous Senate passage spurred administration hopes today for a congressional compromise that would give President Eisenhower most of the broad powers he wants to streamline the Pentagon.

With a surprising burst of speed and bipartisan backing, the Senate Friday night passed legislation requested by Eisenhower to authorize a reorganization of the Defense Department.

The vote was 80-0 and came after only four hours of debate on the bill regarded as one of the most controversial before this session of Congress.

The measure now returns to the House which earlier approved a version containing some features strongly objected to by the President. If the House balks, as expected, at some of the Senate changes, the bill will go to a Senate-House conference committee for attempts at compromise.

## Navy to Send Up 5 More Moons In '58

WASHINGTON (AP) — The Navy, which has had trouble launching a second Vanguard satellite, hopes to put up five of the baby moons before the end of 1958.

It said Friday the present program calls for the launching of four 20-inch satellites and then postponing things off by sending up a 50-pounder. The 20-inchers weigh 21 1/2 pounds.

The next Vanguard to be fired already is at the Air Force missile test center, Cape Canaveral, Fla., being prepared for launching, the Navy said. Dates for the next launches were not announced.

Meantime, technical troubles forced a new postponement at Cape Canaveral Friday in an attempt to fire a fully powered Atlas ballistic missile. It was the third time the technicians had failed to follow through with a firing.

## Union Fetes Retired Group At Banquet

Forty-nine of 92 retired employees of the Youngstown Kitchens Division of the American-Standard Corp., formerly Mullins, were honored by Local Union 1538, United Steelworkers of America, at a banquet Friday evening in Union Hall on Prospect St.

In the group were both salary and hourly-paid former workers of Youngstown Kitchens and Mullins. Brass engraved honorary membership cards in Local 1538 were presented to the retired employees by the union officers.

Charles Hinchliffe, retiring president of the union, presided during the banquet program which featured talks by Frank Trainor, assistant director of District 26, USW, and Douglas Martenia, a Salem area field representative from the Social Security office in Youngstown.

Mr. Trainor discussed the pension plan inaugurated by the Steelworkers and industrial plants in the area in 1949 and its improvements in the last few years.

Mr. Martenia clarified misunderstandings regarding Social Security pensions and benefits. He urged all pensioners and prospective pensioners to contact the Social Security office with their problems and not to listen to persons unfamiliar with Social Security regulations.

## Nasser, Red Backers Issue Dire Warnings

U.N. Showdown Near  
As U.S. Lands 1,700  
Paratroops In Beirut

## Late Bulletin

BEIRUT (AP)—American Embassy sources said today an American plane crashed in a forest behind the village of Bham-doun in the Lebanese mountains. The informants declined to say whether the plane was shot down or what type of aircraft it was.

BEIRUT, Lebanon (AP)—Small arms fire nicked a U.S. transport flying a load of American troops into the Middle East today amid a campaign of dire warnings from President Nasser and his Communist backers.

As the crisis moved toward a verbal showdown in the U.N. General Assembly, 1,700 U.S. paratroopers began landing in Beirut to support the 6,300 Marines quietly patrolling Beirut's ports and beaches.

An authoritative U.S. source said more troops from the 24th Infantry Division were almost certain to arrive here, possibly Sunday.

The men flew into Beirut airport over the section of the capital held by pro-Nasser rebels. Presumably their bullets hit the transport.

One bullet came within six inches of T. Sgt. Norman J. Charest, navigator of a Marine transport bringing men from Camp Le-June, N. C. The paratroopers commanded by Brig. Gen. David W. Gray came from Germany after a stopover at Adana, Turkey.

Gray said he expected all 1,700 of his men to be at the Beirut airport by midnight, cleaning out the paratroop force at Adana. The jumpers were to take over control of the airport from the Marines.

Nasser warned Friday that bloodshed might occur. He vowed that "we will befriend those who befriend us and meet aggression with aggression."

The President of the United Arab Republic of Egypt and Syria made the pledge in Damascus after a secret meeting with Soviet Premier Khrushchev in Moscow.

If the United States and Britain antagonize the Arabs, Nasser warned, "we shall fight to the last drop of our blood." But by saying in the future tense that the U.A.R. will meet aggression, he indicated

# Police Catch Second Prison Camp Escapee

ST. CLAIRSVILLE, Ohio (AP)—The second of two July 7 escapees from a Florida prison camp has been captured near here. The arrest Friday night climaxed a manhunt which started Tuesday night.

Herman Maroni, 30, of St. Clairsville, Ohio, surrendered meekly when two sheriff's deputies, a state highway patrolman and an auxiliary patrolman spotted him along Old U.S. 40 near Morristown in Belmont County. The officers had gone to that area on a tip.

Maroni and Robert Kubat, 23 today, of Chicago, walked away from a prison road camp in northern Florida. They were spotted in nearby Bethesda Tuesday night by an acquaintance of Maroni and a search was started.

Kubat was arrested Wednesday in Noble County near a house where Noble County Sheriff Donald Conaway said the two men stayed.

Conaway said he had arrested the owner of the house, Mike Pipping, and charged him with harboring a known felon.

Both Maroni and Kubat had been serving sentences for armed robbery.

# His First Steps...

He stands with his legs quivering ever so slightly, ready to put forth first one foot . . . and then the other.

This is a great moment, and it might be frightening if it were not for the strong, steady clasp of his mother's hand. She is there to guide him . . . to catch him if he falls.

But the time will come when he'll have to let go of his mother's hand, and go forth on his own. Even then, he will need guidance. His mother is taking care of that, too. Already, he attends church with his parents on Sundays and slowly but surely he will begin to learn the meaning of faith. Children must be taught to take spiritual as well as physical steps. The Church stands ready to teach them.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Street Corner Hazards

"I think that I shall never see a poem lovely as a tree," wrote Joyce Kilmer in the lyrics of the beautiful familiar song. And trees are beautiful, and stately and gracious — a testimony of God's handiwork.

However, large trees near street corners which tend to obstruct motorists' vision of oncoming traffic are a hazard, their beauty notwithstanding.

Salem has a number of street intersections where drivers, because of trees and shrubbery on the curb

lawns, must inch their way into opposing lanes of traffic to obtain a clear picture of traffic conditions. Naturally this is dangerous.

Perhaps the city service department could make a survey of all street intersections and have property owners remove or cut back trees and shrubbery which, despite their beauty, pose a threat to life and limb.

"No parking" restrictions ought to be enforced at ALL intersections, too.

## Ready for the Psychiatrist?

Is it possible that this is just another silly season and there is no more to be alarmed about in Washington than there used to be when Americans gawked at flagpole sitters and kept a lookout for sea serpents in the good old summertime?

It is possible there is nothing wrong with the public affairs of this country that a summer layoff can't fix.

Or is the United States ready for the psychiatrist? Is it suffering from chronic "politicitis" like its sister republic of France?

Some of the symptoms are disturbing.

There is a significant amount of disrespect for public figures that could get out of hand and cause serious trouble if it were not offset by deep respect for the public offices they hold and for the institution of government, itself.

There is a significant lack of confidence in the ability of the two-party system of politics to provide alternatives in public policy, although most Americans believe this is what the two-party system is supposed to do.

And there is a significant strength of conviction about the all-around unworthiness of the people at the key posts in the two-party system — a conviction that those who are hard-working are a little dull and that those who are not guilty of dullness need to be watched closely for signs of unreliability with ideas or money.

NONE OF THESE symptoms can be called entirely new in the UNITED STATES. It is not their presence that is important, however. It is the strength in which they are present.

## Rackets Probe Goes Back to Headlines

Sooner or later, the Senate's investigation of rackets was bound to lead to the sinister, half-seen power of the "syndicate," sometimes referred to as the Mafia.

This is the conspiracy of organized vice operators and borderline businessmen who have polished the art of using easy money to purchase easier terms for their existence than they could depend on if they lived within the law.

One of the outlets for their ingenuity and ruthlessness has been organized labor. They have been equally busy in a few forms of business that are just respectable enough to give them a front but not respectable enough to handicap their easy money activities.

This field of investigation should be as fruitful as anything the Senate investigators ever have looked into. It has been looked into before only once — by Sen. Kefauver, away back in 1950.

The late Rudolph Halley and his sharp questioning of witnesses like Frank Costello marked the advent of television as a coming form of adult entertainment. They signaled the emergency of Estes Kefauver as a public figure of such magnitude that he has not been forgiven to this day for revealing the connection between organized vice and the corrupt political organizations that make America's big cities safe for the

("Khrushchev called upon the East and West to trust each other." — News item)

"There must be trust," Nikita said, "To keep all from the brink."

Wherewith he slammed us on the head With chair and kitchen-sink;

"We must be brothers," he declared, "Let's scrap the warlike pose;"

And saying this his teeth he bared, And punched us in the nose.

"Respect and kindness, man to man, Will end the tribal dance;

Oh, trust each other," he implored — And kicked us in the pants!

RUEBEN C. THOMAS, an Alabama truck pilot, has been named Truck Driver of the Year, driving 585,000 miles without an accident. We salute him. He deserves it. But we take care not to do it from our car, as we need both hands on the wheel as truck caravans roar and barge by us, making us eligible for selection as The Mouse of 1958.

Our salute goes to this fine truck driver but from the top of a tree or boulder far back from the highway. This is simple precaution, as there are too many truck drivers terrorizing us on the country's roads.

THE TRUCKMAN'S Association does well to honor a considerate, valiant and safe operator, whose example is what thousands of his

It denotes a condition approaching political cynicism in which masses of Americans stood ready to believe the worst about anybody and everybody — a condition in which Americans who understand how to play on popular cynicism are creating a discord that drowns out all national harmony.

This did not come about suddenly. It is not peculiar to the Eisenhower administration any more than it was peculiar to the Truman administration. It has materialized over a long period of years.

But insofar as it robs the country of pride in its present and hope for its future, it is perhaps more serious now than it has been before. When Americans feel they must apologize for the way they are letting themselves be misrepresented by their representative democracy, the omen for the health of representative democracy is not bright.

THE OMEN has been dark before and has been refurbished by new events. If all the odd creatures whose antics have astounded the country when reviewed by Washington investigations could be reviewed, the current batch would be no odder, certainly, than some of their predecessors.

This, then, must be the hope for the future — that soon the objectification of misconception and misbehavior that has seemed in recent weeks to be the sum total of Washington will cease — that the silly season, itself, will cease and the United States will recover a sense of what a chief executive once described, not without a little wistfulness and much wishfulness as "normalcy."

Democratic party in nearly all national elections.

But aside from these incidental and accidental effects, the Kefauver investigation marched up the hill and marched back down again. That to date seems to be the net effect of the rackets investigation under Sen. McClellan.

The headlines it has made were sensational; the headlines it is about to make may be even more sensational. But there is no likelihood that any law will be passed to curb racketeering in unionism, in management, or in anything else which might cramp the style of important contributors to political campaigns.

fellow drivers need as they roar over the highways, busting speed laws, ignoring warning signs, crashing through caution lights and scaring the daylight out of everybody else, hour after hour, day after day and night after night.

There are many decent, competent truck operators who give the other fellow a break but they are not the majority and we don't see many on the turnpike.

Maybe the situation calls for a "Police Officer of the Year," chosen as a cop who pays more attention to defiant, wild drivers of jet-like trucks and less to these little fellows in private cars who operate a little shakily through sheer terrorization.

## Problem of Unwanted Hoodlums

By JOHN F. SEMBOWER

U. S. plans to solve part of its crime problem by deporting hoodlums "to the land whence they came" may be frustrated by the opposition of foreign governments. Many nations have become reluctant to let the U.S. "toss back the bad ones" and keep only the good immigrants.

Giacomo Profili, Italian consul-general at Chicago, said that Italy will not accept Paul (The Waiter) Ricca, 60-year-old former Capone mobster and reputedly one of the kingpins of the Mafia crime syndicate. If the U.S. persists in efforts to deport him, Ricca will become "a man without a country," Profili said.

Canada, West Germany, and France have let it be known that they, too, will not permit "dumping" of unwanted by the U.S. on their shores or at their airports and that they will neither let them come ashore nor leave the international compounds of the airline terminals.

Foreign nations have become alarmed because, under the McCarran Act, the wholesale deportation of undesirables has become possible.

Under the old Visa Act of 1924, three years' residence in the U.S. protected any immigrant from deportation, even if he had entered this country illegally.

DEPORTATION is simple if the U.S. is lucky enough to find that the subject has a valid, unexpired passport. In such a case, the nation which issued the passport cannot under international law refuse to receive its citizen. Chances are also good that he will be accepted even if the visa has expired, although many nations are getting tougher on this score.

The first step in each deportation proceeding is for U.S. immi-

gration officials to apply for a visa from the consul at the point of debarkation.

Profili stated that in Ricca's case the application will be futile because "when Ricca became a naturalized citizen of the United States in 1928, his Italian citizenship was voided."

He went on to explain that Ricca could recover his Italian citizenship only if he were to return to Italy as an alien under normal immigration quotas. "It is unlikely that he would be accepted," he said.

Alarmed at the prospect that the U.S. would try to add such persons as Ricca, Frank Costello, Joe Adonis and Thomas Luchese to its "colony" of U.S. deportees, Italian officials have warned that the role of "good fellow" in taking back the unwanted.

"We do not want another Lucky Luciano," Profili said. "He lived in Italy a short time and then spent most of his life in the United States, where he learned to be a hoodlum. A man who is born in Italy and spends a year or two there as an infant and the rest of his life in another country cannot be sent back like a postal parcel."

ITALY DID NOT quibble much about Luciano when he was deported in 1946, after serving 10 years on a white-slavery charge. He had never taken out citizenship papers in the U.S. and the case seemed clear under then-existing diplomatic interpretations.

Since then, Italy has been much troubled by Luciano, who is believed to be the "mastermind" of the Mafia, both in Italy and the U.S., particularly in narcotics operations.

Under the orders laid down by

a special Italian commission in 1954, Luciano's daily regimen has been highly restricted. He may not enter a wine shop, although he may eat in restaurants in the daytime. He may not attend horse races, must not "mix with shady characters," and must carry a book with him at all times in which policemen may record his movements.

Italy also has been aroused over the conduct of Giuseppe La Marca, deported from the U.S. after the barber chair slaying of Albert Anastasia, once the top executioner for Murder, Inc. Italy welcomed La Marca at first because he was wanted there, too, for murder, but keeping track of his movements has been a first class headache for the police.

SINCE EACH nation is a law unto itself as to whom it will accept or reject, the only leverage one country can use on another in this field is the desire of nations to gain reciprocity in demands for extradition.

Sometimes it is not hoodlums that cause the trouble. In 1931 Poland set something of a precedent when it successfully collected a bill for \$152.35 by special congressional authorization because the U.S. foisted off on it a hopelessly insane person and the community of Rzeszyzany claimed it had been put to that expense.

The U.S. rarely is on the receiving end of deportations. But Britain has tried to deport to the U.S. Joseph Cort, a Boston scientist who claimed he was "a political refugee" from the U.S. He had been accused of being a Communist while at Yale University.

When the nation of origin refuses to accept an immigrant, the U.S. shops around for any nation which will. It is a thankless task, but the U.S. sometimes succeeds in "dumping" as many as 500 a year.

Today, the U.S. has final deportation orders pending against nearly 3,000 criminals, including murderers, white slavers and dope peddlers. And many nations, led by Italy, are offering stout opposition to accepting them.

### Group Slow to Act to Bar Mideast Crisis

The United Nations has failed, in the face of an established record, to act promptly to prevent two member states — Soviet Russia and the Egypt-Syria republic — from attempting to impair the territorial integrity and political independence of three other member states — Lebanon, Jordan and Iraq.

The United Nations has for several weeks had its official observer team on the spot in Lebanon but the secretary-general, Dag Hammarskjöld, split hairs and stated on July 3 that there was no evidence of "mass infiltration."

What difference does the degree or extent of an infiltration make if it proves effective in gaining its objective?

The observers conceded in the group's first report on July 4 that they had not been able to gain access to key areas along the border of Syria and Lebanon and the report was widely criticized as a "guide to dictators."

In its latest report, the group states that, as of July 15, it has obtained "full access to all sections of the Lebanese frontier." Meanwhile, the secretary-general's statements perhaps gave unwitting encouragement to the rebel forces in both Lebanon and Iraq.

Documented evidence of infiltration and indirect aggression in Lebanon is presented in the formal summary report just submitted to the Senate Foreign Relations and the House Foreign Affairs Committees by the State Department — and immediately broadcast to the whole world by the Voice of America.

IT IS CONVINCING because it gives the exact dates and details of more than 125 such incidents from May 11 to June 21 and it shows the nature of the indirect aggression to which President Eisenhower referred in his message to Congress last Tuesday.

One wonders why the information wasn't made public before. It certainly would have demolished the pronouncement by Hammarskjöld about the extent of the infiltration.

In the light of the factual record now available, the United Nations has a duty to denounce by resolution, as it did in the case of Korea in 1950, the offending member states — the Soviet Union and its Egyptian-Syrian ally.

Because of the influence of the Communists among neutralist states, and their bloc of votes, military action by the U.N. itself, through the procedures prescribed in the Charter, will be hard to bring into being, though this is the logical step for the U.N. to take.

The Charter of the U.N. deals explicitly with what has occurred. It says:

"All members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state or in any other manner inconsistent with the purposes of the United Nations."

Certainly the facts show that the

Soviet Union and its ally, Egypt-Syria, violated that provision of the Charter. But the Soviets have the right to veto in the Security Council any remedial proposals and the General Assembly itself can do very little.

SO THE SITUATION reverts to the formula of collective action by individual member states. This is provided for under Article 51 of the U.N. Charter, which says:

"Nothing in the present Charter shall impair the inherent right of individual or collective self-defense if an armed attack occurs against a member of the United Nations, until the Security Council has taken measures necessary to maintain international peace and a security."

"Measures taken by members in the exercise of this right of self-defense shall be immediately reported to the Security Council and shall not in any way affect the authority and responsibility of the Security Council under the present Charter to take at any time such action as it deems necessary in order to maintain or restore international peace and security."

It is under this article that both the United States and Britain have already acted in the emergency this week.

A stalemate is likely to extend for some time now. The British troops in Jordan and the American Marines in Lebanon, will stand guard until such time as the dispute is resolved by the U.N., when Britain and America have promised to withdraw their forces.

This perhaps may mean months of discussion, with things remaining as they are in the Middle East unless the Soviets choose to complicate matters by sending in troops and supplies to induce the rebels to attack the British and American forces.

THIS SEEMS UNLIKELY, because it might produce a big war. Also it could lead to a much more extensive occupation of the area by British and American and possibly French and Turkish forces.

The Soviets are handicapped because of their geographical position. They have no common border with either Lebanon, Jordan or Iraq and if any attempts are made to send troops or supplies by sea to the troubled area, they can be detected and stopped by the British or an American navy.

The big fact is that America, France and Britain are working together, militarily and politically.

This is a dramatic example of unity which is very essential at a time like the present. It will favorably influence world opinion. Mostly it will reassure the defenders of freedom everywhere that the United States, Great Britain and France will not let a Soviet veto in the U.N. frustrate defensive action against subversion and invasion of the sovereignty of an independent state.

America has acted in time and its position is all the stronger because of a record of non-interference heretofore in the Middle East. What has been criticized as procrastination in Washington was a wise exhibition of patience. When patience wears out, there is even stronger support by public opinion for the decisive action taken.

## Two-Headed Marvel

By TRUMAN TWILL

Closeup observers of the Bernard Goldfine episode in the current history of representative democracy unfolding on the banks of the Potomac are fascinated by the role of Mildred Paperman in the tragedy-comedy.

Miss Paperman, whose age is indeterminate but not under, has proved to be a striking example of the personal secretary who knows more about her employer than he has had time to learn about himself.

The payoff detail of her testimony before the congressional investigators who ostensibly were cross-examining her boss was her explanation of his citizenship. He wasn't sure how he came to be naturalized, having been born in Russia, but she had it down pat.

Aside from this kind of information, Miss Paperman is an encyclopedia of organized knowledge about the business affairs of her employer. It has been obvious from the beginning that if anything happened to Miss Paperman, Mr. Goldfine would be only a fraction of himself.

Together, he and this remarkable woman constitute a whole, which is typical of millions of big shots in this country. Some are married to their better business halves, but the rest pay wages.

This has given rise to the composite personality in the American scheme of life — the two-headed marvel who gets into "Who's Who?" instead of a carnival.

It also has given rise to a question of ethics.

Is it proper for a male who owes half or more of what he is to the woman who handles his affairs to take personal credit. Or should he hypes his name and acknowledge he has a partnership personality?

With due respect for what he is in his own right, should not the man who has made such a stir in Washington in recent weeks call himself Goldfine-Paperman?

This is the combine the House of Representatives investigators

have been questioning — no Goldfine, no Paperman, but Goldfine-Paperman.

This is the two-headed marvel that has been keeping track of the complex affairs of the office through which Bernard Goldfine made his living and Mildred Paperman drew her pay.

This is the entity that came to Washington to answer questions and go to the mat with the formidable forces of other hydra-headed entities in a showdown over the continuation of Eisenhower-Adams as the dominant factor in the White House.

And this is the entity which has emerged from one of the strangest of all congressional investigations.

This country is full of two-headed marvels like Goldfine-Paperman. The idea that a man can be sufficient unto himself was ditched more than a generation ago. Behind every man there's a woman and behind most big shots there are two — his wife and his secretary.

## Carol Jean Middeker Wed Today to Richard J. Conway

Miss Carol Jean Middeker and Richard James Conway pledged their marriage vows at 12:30 p.m. today in St. Paul's Church. The Rev. Fr. J. Richard Gaffney officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Robert C. Middeker of 1194 E. 9th St. The bridegroom is the son of Mrs. George Knam of Maximo and the late Francis Conway.

Vases of white gladioli and Fuji mums enhanced either side of the communion rail, which was banked with palms and grape ivy.

Miss Dorothy Pozniko of Albany Road presided at the organ for the nuptial melodies.

Mr. Middeker gave his daughter in marriage. Her bridal gown was fashioned of sheer embroidered Swiss organdy. A scalloped bateau neckline and brief sleeves enhanced the fitted bodice, and the bouffant hooped skirt with brush train gave a tiered appearance. She wore a single strand of pearls, a gift from the bridegroom. Her fingertip veil of illusion was held in place by an applied cloche.

The bride's cascade bouquet of white roses was centered with a white orchid and showered with Stephanotis and ivy.

Mrs. William Haessly of Beaver Falls, Pa., sister of the bridegroom, served as flower girl. Miss Jocelyn Snyder of Toledo and Miss Jane Lieder of Albany Road were bridesmaids.

The attendants wore ballerina-length gowns of sheer white organdy embroidered in pastel green to match their underslips. White organdy bows trimmed the short sleeves of the fitted bodices styled with rounded necklines. Their headpieces were white organdy Dior bows with circular tulle veils. They carried cascade bouquets of pale yellow carnations and ivy.

Barbara and Peggy Kuniewicz of Salem, nieces of the bridegroom, served as flower girls. Their white taffeta embroidered organdy dresses were worn over pastel green taffeta. They carried baskets of yellow and white daisies.

Eugene Conway of Salem was his brother's best man. William Haessly of Beaver Falls, Pa., and Leon Kuniewicz of Salem, brothers-in-law of the bridegroom, and Dale Middeker of Salem, the bride's brother, were ushers.

Mrs. Middeker's dress of Dior blue lace over taffeta was complemented by a corsage of orange delight roses. The bridegroom's mother wore a poudre-blue brocade of dacon dress with a pink Briarcliff rose corsage, and the bridegroom's grandmother, dressed in blue silk shantung, wore a corsage of white carnations.

Following the ceremony, the wedding guests went to the Middeker home where the reception was held. An arrangement of yellow Fuji mums and white pompons graced the living room mantle, while shefflers and grape ivy decorated the front of the fireplace.

Miss Beverly Newton of Kent cut and served the four-tiered wedding cake, which was topped with yellow daisies and garlanded with ivy. Mrs. Robert Hill of Salem presided at the punch bowl.

Mrs. Glen Sponseller of Alliance registered the 300 guests from Salem, Alliance, Sebring, Louisville, Damascus, Maximo, Canton, East Palestine, Akron, Warren, Youngstown, Kent, Newton Falls and Toledo, Ohio and Kalamazoo, Mich., Beaver Falls, Ellwood City, Pittsburgh and Greensburg, Pa.

The bride attended Kent State University, where she was affiliated with Kappa Omicron Phi, national home economics sorority. She is employed by the Electric Furnace Co.

Mr. Conway, who also attended Kent State University, is employed by the Lease Drug Co.

For her going-away ensemble, the new Mrs. Conway chose a pink linen jacket dress with white accessories, and she wore the orchid from her bridal bouquet.

After a honeymoon trip to the Pocono Mountains, the couple will reside at 762 1/2 E. 4th St.

Friday evening, Mr. and Mrs. George Knam were hosts at the rehearsal dinner for the bridal party at the Timberlakes, when the bride and bridegroom presented gifts to their attendants.

## 19 Music Students Attend Berea Event

Nineteen students from Salem attended the High School Music Clinic held for two weeks recently at Baldwin Wallace College in Berea.

Forty-three conductors and counselors instructed the pupils, who lived in the college dormitories and participated in planned recreation each day.

At the conclusion of the two-week study course, a concert was presented at the men's physical educational building, and a formal military ball concluded the program of entertainment for the group. Margie Vaughan of N. Union Ave. was chosen queen at that event.

Salem students taking part in the program were:

Orchestra Clinic, Robert Taylor, Margie Vaughan and Robert Dodge Choral Clinic, Elizabeth Bennett, Linda Loop, Linda Whippley, Robert King, James McConner, Herbert Call, John Herold and James McNeal.

Band Clinic, Maurice Dickson, Jodine Moore, Margie Vaughan, Cathy Harris, Patty Lungocini, Carol Murphy, Lorraine Pardoe, Kathleen Mercer, Jay Albright and Robert Dodge.

## SF Retains First; Senior Loop Develops Into Three-Team Race

By The Associated Press  
The San Francisco Giants have moved back into the National League lead in what almost overnight has become a three-team race.

The Giants slipped into a half game, .004 percentage point lead over Milwaukee by beating Pittsburgh 5-4 Friday night after the Chicago Cubs had knocked off the Braves 5-3.

The Cubs, winning six of their last seven and 10 of 13, are third, only three games behind. Every body else is below .500, in a virtual tie for fourth place.

Cincinnati tied St. Louis for fifth, just a point behind Pittsburgh, by taking a two-night pair from the Cardinals 5-0 and 2-1. The Reds, Cubs and Cards all are seven games behind.

Then comes Philadelphia, 7½ games behind and 10.04 percentage points ahead of last place Los Angeles after losing 8-6 to the Dodgers.

That leaves a spread of only .012 percentage points and one game over the last five clubs.

In the American League, Kansas City whittled New York's

lead to 11 games, beating the Yankees 2-1 while second place Boston rapped Detroit 11-9. Cleveland beat Baltimore 5-1 and the Chicago White Sox defeated Washington 9-2.

The Giants, who have won four in a row and seven of their last eight, moved back into the same lead they held Sunday with four runs in the third and Stu Miller's clinching double in the fourth. Miller (3-4) had the Cubs baffled until the eighth, when three singles with two out scored their second run and brought on Marv Grissom.

The Cubs got their runs on homers. Walt Moryn's two-run shot in the eighth bagged it off Carl Willey, now 2-3 with his third consecutive defeat. Ernie Banks hit a three-run homer, his 25th, in the third, but the Braves, who had won four in a row, tied it on Hank Aaron's 19th homer in the sixth after Joe Adcock's 11th set off a two-run fifth. Unbeaten Johnny Briggs went all the way to win his fourth.

Don Newcombe, whose only other victory this season also is

over the Cards, gave up home runs by Pinch-hitter Joe Taylor and Joe Cunningham, but hit a two-run homer, a double and a single himself while winning the opener. Walt Dropo's three-run double put it away in the sixth.

Wilmer Mizell lost his seventh as the Reds scored two in the first without a hit on two walks, a passed ball and sacrifice fly. The Reds, just off a seven-game losing string, built a three-game winning streak on home runs by George Crowe and Frank Robinson in the nightcap. Robinson's 11th broke it up in the ninth off Bob Mabe (0-1). Bob Purkey won his 11th, blanking the Cards, who have lost seven in a row, on three hits after the first inning, when two singles, a walk and a fly ball scored their run.

The Dodgers won it in a six-run fifth inning with Steve Bilko hitting a two-run homer. Don Zimmer also homered for the Dodgers, while Chico Fernandez and Ed Bouchee homered for the Phils, who have lost seven straight. Carl Erskine won it, Jack Sanford lost it, both in relief.

## Blanks Tolsons For 13th Win

D. Queen, E. Furnace, Bliss Also Win Games

Salem Drive-In's Bruce Feicht won his 13th game of the season Friday night as he pitched his team to a 6-0, one-hit victory over Tolsons. Gerry Fowler, the losing hurler, got the lone rap off Feicht.

In three other games, Dairy Queen blasted Herrons 8-1. Electric Furnace blanked Demings 8-0 behind "Deadeye" Patterson and Bliss whitewashed the Columbiana Mercants 8-0 with Bill Kyser picking up the win.

Dave Hiner with a double and two singles paced Drive-In while Feicht helped his own cause with a triple and single.

The winners scored two of their runs in the sixth on a two-run homer by Dwayne Yeagley.

Two hits each by Joe Bilet, Jim Barnes and Joe Tucker led Dairy Queen over Herrons. Barnes blasted a solo clout in the initial frame as his mates jumped to a 2-0 lead.

Satch Altomare was the winner and Leo Kline suffered his second loss in six decisions.

Scoring five runs in the first and adding three in the fourth, Furnace had an easy time of it with Demings.

Patterson took the win on a four hitter and was backed up with two singles by Jerry Cosgrove.

Nelson Mellinger was the losing pitcher.

A big seven-run third frame lifted Bliss over Columbiana in an abbreviated contest.

Bill Kyser allowed but four hits in winning the tilt. Shaky Schmidt took the loss.

## Bosox Edge Tigers 11-9 On HR By Malzone; Teams Get 33 Hits

By The Associated Press  
The Boston Red Sox and Detroit Tigers had at it Friday night, swatting 33 hits between them as Boston won 11-9 on Frank Malzone's grand-slam homer.

That gave the second-place Red Sox a game on New York, beaten 2-1 by Kansas City and Dick Tomaneck, who came within an out of being the first left-hander to shut out the Yankees in two years.

Chicago beat Washington 9-2 with Al Smith's slam and five RBI backing up Early Wynn's four-hitter. Cleveland, 7-6 for the season against Baltimore, checked the Birds' bid for the first division with a 5-1 victory.

In the National League, San Francisco replaced Milwaukee in first place, taking a half-game lead with a 5-4 victory over Pittsburgh after the Braves had lost to Chicago 5-3. Cincinnati swept two from St. Louis, 8-3 and 2-1, and Los Angeles beat Philadelphia 8-6.

The Red Sox, who have won five straight for a 3½-game cushion over third place Detroit, collected 18 hits, five by Pete Runnels, who had three doubles and took the AL batting lead with a .344 average. The Sox, 6-5 for the season with Detroit, overhauled a 5-1 Tiger lead, then blew a 6-5 edge before Malzone's homer in the seventh off losing reliever Bill Fischer (36). Murray Wall (5-7) was the winner in relief of right-hander Bill Monbouquette.

The A's, who had lost eight in a row to Don Larsen since 1954, beat the Yankee right-hander in the first two innings. Singles by Mike Baxes, Bill Tuttle and Roger Maris, the first three men up, scored one and singles by Frank House and Baxes got the winner. Larsen (74) allowed only three hits the rest of the way. Tomaneck (5-4) gave up 11 hits, but had a shut out until pinchhitter Yogi

Berr's bad-hop single with two out in the ninth.

Wynn (9-8) fanned 11, passing the 100 mark for nine consecutive seasons, and had the Nats shut out until the eighth, when unlikely errors by Luis Aparicio and Nellie Fox allowed two unearned runs. Rookie John Romonosky (11) lost it.

Southpaw Hal Woodeshick, whose other two major league starts and decisions resulted in defeats with Detroit in 1956, gained his first complete game with a seven-hitter for the Indians. Earl Averill, up from San Diego with Woodeshick, hit a three-run homer off loser Chuck Beamon (0-3).

## Lodge Hurls EF Over Bliss 5-1 In Class G Tilt

In a big Class G, upset last night, Electric Furnace handed Eljer its first defeat of the season after 12 wins by a score of 5-1 at Memorial Park.

Ray Lodge pitched a beautiful game for Furnace by giving the hard-hitting Eljer club but one hit, that by Randy Reed in the sixth frame.

Rich Switzer was the loser and needed help from Gary Jeffries in the sixth.

Furnace is now 4-7 and Eljer 12-1. Eljer will play the Alliance Dukes Sunday at 2:30 p.m. at Memorial Park.

In Class E, Brown & Ziegler beat the Eagles 19-11 and Bricker & Bricker blanked the KC, 9-0.

Brown and Ziegler came up with 9 runs in the last inning to defeat the Eagles. Dick Wilt was the winner. Homers were hit by Ray Beech and Alan Phillips of the winners. Wilt and Phillips both tripled for their clubs as did Tom Baughton of the Eagles.

Gary Cosgrove pitched a one-hitter in hulping Bricker and Bricker past the KC. Jim Garrett of the winners had three for three including a home run, two runs scored and three RBIs.

Ritchie Klepper had two for two for the winners while Marty Limp of the KC had their only hit.

## Vending, Bloombergs Win Class H Games

Merchant's Vending nipped the Jaycees 2-1 as each team got only one hit and Bloombergs edged Endres-Gross 6-5 in a pair of Class H tilts staged Friday night at Memorial Park.

Mowery got the only hit for the JCs while Periak got the only rap for the Merchants.

Montgomery and Christohari each had a brace of hits for Bloombergs while G. Makras and E. Gross had two each for Endres.

## Scanlon Cops Decision From Gale Kerwin

NEW YORK (AP)—Undeclared and unranked Bobby Scanlon is after bigger game in the lightweight division. The classy San Franciscan declared himself ready for ranking fighters after soundly drubbing taller and heavier Gale Kerwin in a television 10-rounder at Madison Square Garden Friday night.

So Manager Art Benjamin promptly named Johnny Busso, Paolo Rosi, or Carlos Ortiz as possible opponents for Bobby's next shot. The three New Yorkers all are in the top ten of the 135-pound class.

Scanlon, a pro four years, has won 26 straight and is unbeaten in 31. Only a draw with Frankie Madison in his fifth scrap mars the record.

Bobby gave away height 5-5 to 5-6, weight 134½ to 139½ and reach to Kerwin but carried the fight all the way to his rangy foe.

"I just didn't have a thing," said Kerwin, a 23-year old Canadian now living in Valley Stream, N. Y. He had been sidelined four months by anemia. His record now is 27-7-1. Because of the long layoff, Kerwin was a 7-5 underdog.

The officials all had Scanlon far ahead. Referee Mercante and Judge Bill Recht each had it 6-3-1 in rounds. Judge Artie Schwartz scored it 7-3. The AP card had it 7-3 for Scanlon.

## Score Placed On Disabled List by Lane

BALTIMORE (AP)—With south paw Herb Score going on the disabled list, General Manager Frank Lane of the Cleveland Indians is looking for another pitcher but doesn't know where he will find one.

Lane announced Friday night that Commissioner Ford Frick had granted the Indians' request to put Score, who has an inflamed tendon in his left elbow, on the disabled list.

The request was made Friday after Score's arm was examined again by Dr. George Bennett, an orthopedic specialist, who advised Score and Lane that the young left-hander should refrain from pitching for three or four weeks.

Lane said that placing Score on the disabled list means that he will be ineligible for 30 days and added that a replacement will be sought. The general manager added that he had no idea where he would obtain another pitcher.

Score suffered the strained tendon while pitching in Washington April 29. He re-injured his arm in a relief role June 14.

Tuesday night in Washington, Score made his first start since his injury, but was relieved after being tagged for four runs in 1-13 innings. He walked the first three batters he faced.

## Ohio All-Stars Win As Lucas Scores 30

LOUISVILLE, Ky. (AP)—Jerry Lucas and his Ohio high school basketball all-star mates wallowed Kentucky's stars 119-81 Friday night at Freedom Hall.

The 6-9½ Luca, playing three-fourths of the game, piled in 30 points to lead the Ohioans to an unexpectedly easy victory.

Kentucky popped in two early field goals for the lead, but the Buckeyes came back to hold an early 17-6 advantage and led 28-13 with 10 minutes left in the first half. Ohio sent in its reserves then but still led 49-36 at a half.

Lucas, who led Middletown to two Ohio state championships, was named Ohio's star of stars. Tom Sizer, also of Middletown, trailed Lucas with 20 points and John Havelock had 14.

Ohio hit 50 of 98 shots from the field while Kentucky connected on 30 of 81.

## TRYOUT CAMP

Former Detroit Tiger Pat Mullin will conduct a tryout for youths 17 through 25 years of age at Patterson Field in East Liverpool next Monday and Tuesday beginning 10 a.m.

He will be assisted by James Briggs. Players are required to bring their own gloves and shoes.

LEGAL NOTICES

Notice of Election on Tax Levy in Excess of the Ten Mill Limitation. Notice is hereby given that in pursuance of a Resolution of the Board of Township Trustees of Hanover Township, Columbiana County, Ohio, passed on the 3rd day of June, 1958, there will be submitted to a vote of the people of said Hanover Township at a General Election to be held in Hanover Township, Columbiana County, Ohio, at the regular places of voting therein, on Tuesday, the 4th day of November, 1958, the question of levying a tax, in excess of the ten mill limitation, for the benefit of Hanover Township for the purpose of constructing a building for storage of equipment and general office space.

Said tax being an additional tax of five (5) mills to run for one (1) year at a rate not exceeding five (5) mills for each one dollar of valuation, which amounts to fifty cents (\$0.50) for each one hundred dollars of valuation, for the tax year 1958, including a levy upon the tax duplicate of the current year.

The Polls for said Election will be open at 6:30 o'clock A. M. and remain open until 6:30 o'clock P. M. Eastern Standard Time of said day.

By order of the Board of Elections, of Columbiana County, Ohio.

FRANK R. O'HANLON, Clerk. Dated June 21, 1958. Salem News, July 5, 12, 19 and 26, 1958.

## ANNOUNCEMENTS

### CARD OF THANKS

OUR MOST SINCERE thanks and appreciation is extended to relatives, friends and neighbors for their acts of kindness, messages of sympathy and lovely floral tributes received during the passing of our beloved husband and father, Robert Anderson, to Rev. Thomas for his consoling words, and Arbaugh-Pearce Funeral Home for their efficient service.

It was his desire to return to Damascus and rest in peace with those he knew and loved.

Eva Anderson, wife Jim Anderson, son

## Mideast Is 'Our Last Chance,' Ohio Legion Commander Says

COLUMBUS, Ohio (AP) — An American Legionnaire can't be assumed to be a male any more. About 25 of the weaker sex are delegates to the 40th annual state convention which opened here Friday.

The women, veterans of World War II and the Korean conflict, have the same rights as male members. One woman, Mrs. Frances Chubb, is a post commander, heading the large Robert E. Bentley Post in Cincinnati.

## Farmers

(Continued From Page One)

The plaintiffs said they have to keep records and allow crop surveys on their farms and are liable to penalties if they plant more than 15 acres. Thus, they argued, they are equally liable under the law with large producers, but the referendum decision is made by "large commercial wheat producers having an allotment, in many cases, of thousands of acres."

The petition said that only 105 of 3,400 Columbiana County wheat producers were entitled to vote under the 15-acre eligibility clause. Nationally, they said, only a little more than half of the U.S. wheat farmers were allowed to vote.

Columbiana County is one of several pockets of sharp resistance to wheat controls. It is the home county of the farm of Dr. P. Scott Whiteleather of Minerva, president of the Independent Farmers of Ohio, who recently was enjoined here from interfering with the measurement of his 1958 wheat crop by federal surveyors.

John R. Donaldson of New London, O., secretary of Farmers for America, hailed the suit as a defense of "American standards of democracy."

The federal government holds liens against the three county men for raising too much wheat last year. The court judgments, taken July 10, 1957, show:

William Evans of Minerva, \$260.01 judgment, plus \$45.20 costs.  
Walter Warrington of Leetonia, \$310.30 judgment, plus \$42.60.  
Herbert Sanor of East Rochester, \$346.68. Judgment plus \$43.40.

## Knights of Columbus

### Plan Year's Activities

Officers and program chairman of Knights of Columbus Council 1818 held a six-point program conference Thursday night in K of C Hall.

All phases of the program for the year were covered at the meeting which was conducted by Grand Knight Leo Taugher.

The next regular meeting will be Monday at 8:30 p.m. in K of C Hall.

## Deaths, Funerals

### Mrs. George Henderson

KENSINGTON — Mrs. Georgia Henderson, 97, died at 11 p.m. Friday in Mercy Hospital, Canton, where she had been a patient for one month. For the past seven years she had lived at the Mill-dren Rest Home in Canton.

She was born in Columbiana County Sept. 30, 1861.

Thirty years ago she and her late husband, Samuel Addison Henderson, operated the funeral home in Kensington, which was purchased by the Maple Funeral Home.

Survivors include one sister, Mrs. Ollie Stinger of Alliance; one grandson, Samuel Henderson of East Canton, and several nieces and nephews.

Services will be at the Maple Funeral Home at 2 p.m. Monday. Burial will be in Alliance City Cemetery.

No calling hours will be observed.

### Antonio Beatrice

EAST PALESTINE — Antonio Beatrice, 87, died at 11:30 p.m. Friday at his home, 237 E. Taggart St., following a stroke suffered at 6:30 p.m.

He was born April 1, 1871, in Salerno, Italy, a son of Dominic and Madeline Vacia Beatrice.

He was married to Josephine Armando, who died April 10, 1952. He lived here since 1916 and was a retired laborer.

He was a member of Our Lady of Lourdes Catholic Church and the Eagles Lodge.

He leaves two daughters, Miss Lena and Miss Tracy Beatrice of here; three sons, Tony and Charles of here and Thomas of New Castle, Pa.; five grandchildren and eight great-grandchildren.

Services will be held at 9 a.m. Monday at the church conducted by the Rev. Fr. Joseph Heid. Burial will be in the Catholic cemetery.

Friends may call Sunday at the Olive funeral home.

## U.S. Plane

(Continued From Page One)

he was not spoiling for a fight at this time. The Communist world previously accused the United States and Britain of committing aggression by sending in troops.

Moscow and Peking avoided any definite promises of armed aid to Nasser. The Soviet foreign ministry issued a declaration which warned, however, that Russia cannot remain on the sidelines.

The Soviet Union will have to take "necessary measures dictated by the interests of the security of the Soviet Union and preservation of general peace," the declaration said.

The measures were not spelled out, although there was an ominous hint that Moslems in Soviet Central Asia might intervene in the adjacent Middle East. There was no repetition of the 1956 Suez crisis threats of sending Soviet "volunteers" into the Middle East, however.

Underlining the Russian charges of U.S.-British aggression, a mob of 100,000 shattered nearly 300 windows in the U.S. embassy in Moscow and splashed ink on the lower part of the building. About 100 persons demonstrated peacefully at the British Embassy.

Red China joined in with a note warning that "peace-loving nations and people will not stand by with folded arms" if Britain remains in Jordan.

The United States warned Nasser that any attack by his troops or by forces under U.A.R. control "could involve grave consequences seriously impairing our relations." The warning was delivered in Cairo by U.S. Ambassador Raymond Hare, the State Department said, and was accompanied by a pledge that American troops would get out of Lebanon as soon as circumstances permit.

The American troop buildup was reported by the Pentagon to be continuing without incident, although a spokesman termed the situation "very touchy."

**DRIVER FORFEITS BOND**  
HANOVERTON — Wayne E. Bachler, 21, of Thurman, Idaho, forfeited \$15 bond in Mayor Howard Hart's court when he failed to appear for hearing on a charge of crashing a stop light. He was cited Friday by Constable Roy Painter of Hanover Township.

**Two Children Bitten By Dogs Are Treated**  
Two Salem children were victims of dog bites yesterday, according to reports received by police.

Mrs. Helen Williams of 760 W. Wilson St. told police that a stray dog bit her son, Walter, 5, at 11:20 a.m. while he was playing outdoors. He was bitten on the left arm and was treated by a physician.

The dog was picked up by Alf Fults, humane officer and placed under surveillance for two weeks.

Mrs. Everett Jackson, from 165 Rose Ave., phoned police at 3:30 p.m. Friday to report that her daughter, Linda, 6, was bitten on the leg by a neighbor's dog.

The girl was treated by a physician and the owner of the dog was notified by police.

**Fined At Lisbon**  
LISBON — William Lee Shields, 25, of Lisbon RD 3, was fined \$150 and costs and sentenced to three days in jail at a hearing Friday night before Mayor John Todd on a charge of driving while intoxicated.

Shields pleaded not guilty but was found guilty by the court. He was cited 1 a.m. Thursday after his car struck a culvert south of Lisbon on Route 30.

principal advisers at Dulles' home. British officials said Lloyd would return to London this week-end.

The United States warning to the United Arab Republic was coupled with a statement that U.S. forces "did not go into Lebanon to engage in hostilities" but only to preserve the independence of a friendly nation which "was threatened from the outside."

The warning and the offer of assurance about U.S. intentions were given orally to Minister of State and Acting Foreign Minister Ali Sabri at Cairo Thursday by U.S. Ambassador Raymond Hare.

The action was announced by the State Department Friday after a U.A.R. spokesman at the United Nations in New York had charged that the United States had threatened Egypt.

## Widow Given \$175,000 Accident Settlement

CHICAGO (AP) — The widow of Robert P. Delisle, who was killed in an auto-truck crash in Warren, Ohio, has been authorized to receive a \$175,000 settlement from the J. G. Laird Lumber Co. of Ashtabula, Ohio. The company's truck swerved into the Delisle auto.

The woman, Irene Delisle, 34, of suburban Franklin Park and her two children were injured in the crash. It occurred when the truck swerved to avoid hitting a tractor that pulled into the road.

The original suit against the lumber company was in U. S. District Court in Cleveland. The settlement, reached there, required the approval of Probate Judge Robert J. Dunne of Chicago because minors are involved.

## School Foundation Payments Are Shown

Out of the record \$181,478,152 in school foundation funds distributed by the state during the fiscal year ended June 30, schools in Columbiana County received \$2,969,686 according to the records of State Auditor James A. Rhodes. Included in this total are payments made direct to the teachers and school employees retirement systems as the school districts' contribution to the pension fund.

Total payments under the school foundation program during the fiscal year just ended were \$10 million more than during the preceding year and almost double the \$92 million subsidy in the 1950-1951 fiscal year.

The Mahoning County payments totaled \$4,624,392.

## Murphy, Ike's Envoy, To Confer In Jordan

AMMAN, Jordan (AP) — Robert Murphy, President Eisenhower's special envoy to the Middle East, will come to Amman shortly to confer with the Jordanian government, the U. S. Embassy said Friday night.

The deputy undersecretary of state has been talking with Lebanese officials in Beirut for the past two days.

## Red Maneuvers Cancel Exchange Group's Plans

MOSCOW (AP) — Military maneuvers along the Soviet Union's southern borders today caused cancellation of an American student exchange delegation's plans for a swing through Armenia and Georgia.

Leaders of the 46-member group said their itinerary had been arranged on the basis of a sort of political chess game under which the United States relaxes its restrictions on the travel for a Soviet student delegation now in America in exchange of concessions by the Kremlin.

They predicted that as a result of the abrupt switch in their travel permits the United States was likely to declare St. Louis, San Francisco and Massachusetts out of bounds for the visiting Russians.

## Recall of Congress On Aid Bill Hinted

WASHINGTON (AP) — President Eisenhower is reported to have dropped a hint he may call a special fall session of Congress if he doesn't get all the foreign aid funds he thinks are needed to meet the present crisis.

A legislator who attended an emergency White House meeting Friday night said Eisenhower — without making a threat — told the group of eight Republicans and Democratic senators he hoped he wouldn't have to call a special session. Congress is expected to adjourn next month.

Citing the Middle East crisis, Eisenhower told the group he urgently wants the \$97½ million dollars which the House cut from the \$3,675,000,000 foreign aid bill. The Senate has not acted.

The White House meeting came amid reports that the administration might even seek additional money because of the Middle East situation.

But two of the senators said Eisenhower was told prospects are dim for getting more.

They added that the group told Eisenhower they see little hope the House would go along with the Senate in restoring the full \$97½ millions.

It was suggested the Senate might restore 400 to 500 millions but the House would likely balk. The likelihood, the senators said, was a compromise for 300 to 400 million dollars in restored funds.

The Senate Appropriations Committee completed work on the foreign aid bill Friday and is expected to begin voting on its provisions about next Wednesday.

## Indian Farm Trainee Studies In County

LISBON — Balkrishna Hari Patil, a native of India, arrived in Lisbon, Friday to work with soil conservation technicians in Columbiana County. He is listed as an apprentice in on-the-job training in all phases of soil conservation in a humid area.

Patil will remain in Columbiana county until Aug. 2. He will then go to Fort Robinson training center at Crawford, Neb., where he will work on farms and ranches for training in basic soil conservation. He will then go to Boise, Idaho, for the month of September and inspect irrigated sections of the Snake River area.

## Highway Resurfacing Bids To Be Opened

The Ohio Department of Highways will open contractors' bids Tuesday on 13.7 miles of highway repaving in Columbiana County, the department announced today.

Highways to be repaved are: Rt. 45, 8.9 miles from Rt. 7 in Wellsville to the junction with Rt. 30; Rt. 46, 2.8 miles from Rt. 170 in East Palestine to Rt. 558, and Rt. 458, 2.0 miles from Rt. 7 to Rt. 558.

## Explorers Conclude Trip to New Mexico

Thirty-four Explorer Scouts of Columbiana County returned home Friday from the Philmont Scout-ranch at Cimarron, New Mexico.

The group left June 29 and arrived at Cimarron July 2.

They camped out in the open on the scout ranch and explored the high adventure spots there and then started home July 13.

Robert Edwards of Salineville was leader of the group.

## Fined on 2 Charges

LISBON — Ralph Blackburn, 26, of Salineville, was fined \$25 and costs at a hearing Friday night before County Judge Samuel Crawford on a charge of disturbing the peace at Stepanic's tavern in Kensington, after the bar-tender Mickey Stepanic refused him more drinks. He was also fined \$10 and costs for resisting arrest after he caused a disturbance when they tried to book him at the county jail. He was charged with resisting by Constable Roy Painter of Hanover Township.

## THEFT IS REPORTED

James Wright of Hine Motor Co., S. Broadway, reported to police that someone stole about 30 feet of air hose from the company garage early Friday morning.

## MINOR THEFTS REPORTED

Two hub caps, bubble gum, and a small amount of change were missing following two cases of petty larceny reported to police yesterday.

George Kyle, 1491 N. Ellsworth Ave., told police that someone stole two hub caps from his car while it was parked at Centennial Park between 6 and 6:45 p.m. last night. The hub caps were valued at \$32.

Mrs. Frank Forkel, of 375 Penn Ave., reported to police that a "bubble gum bank" containing gum and approximately \$1.50 to \$2 in change was taken from her home while she was away Wednesday evening.

Police said the bank was found broken in the rear yard of the Forkel home. The gum and change were missing.
